

Statement of Experience for Building Services Providers

How to fill out this form

A statement of experience helps us to understand your skills, knowledge and experience within the building industry. Consumer, Building and Occupational Services will assess you application and make sure that you have the required experience to hold a building services provider licence. Your statement should:

- show that you have experience in a range of areas of building work and
- outline your participation in specific building work projects.

Qualifications and experience

To hold a Building Services Provider (BSP) licence in Tasmania you must have the following experience and qualifications:

Qualifications:

- o Low rise Cert IV Building and Construction (Building)
- Medium rise Diploma Building and Construction (Building)
- Open Advanced Diploma of Building and Construction Management or a Building Degree

Experience:

- o Low rise 2 years with a building trade qualification; 4 years without a building trade qualification
- o Medium rise 2 years with a building trade qualification; 4 years without a building trade qualification
- Open 3 years with a building trade qualification; 6 years without a building trade qualification

Evidence of your experience

Provide evidence to support your claim of experience in all aspects of building work.
